

COVID-19 RIVER RESPONSE

Protect our Elders!

A photograph of two elderly women smiling. The woman on the left has short grey hair, wears glasses, and a green patterned sweater. The woman on the right has short grey hair and wears a dark blue top with a white apron. They are positioned in front of a large window that looks out onto a landscape with mountains and trees.

Everybody can get the novel Coronavirus. But Elders and those with high blood pressure, diabetes, heart and lung disease can be especially affected. Protect them through social distancing, but call to check on them often!
