CANDIDATE STATEMENT

Ayukîi, my name is Nicholas Alexander Sr. and I am running for chairperson. My parents are Corina Alexander and Tommy Alexander. I have 7 kids, 5 girls, 2 boys and 1 grandson. Our children are the Future and we need to embrace every opportunity For success. As a Sovereign Nation we need to set our people up to flourish in today's society. We need to look into having our own schools, police Force, hospital, and growing our own food. Bring back culture camp for youth to learn our traditions. We need to spend the time and money to upgrade within our workforce instead of always contracting out to outside companies. I have worked in many different departments in the tribe and true leadership is always lacking. It's time to consider change now so our Future is not lost forever. We as KARUK people need to look at the bigger picture and the possibilities. that are easily obtainable.
