Gable Roof Gutter Installation at Tishániik Farm (Orleans, CA)

The Karuk Tribe requests proposals for enhancing a double sided 40' long Gable Roof System at Tishaniik Farm. Installation will include rain gutters and down spouts on all four corners. Contractor must provide own tools, and materials necessary to complete these tasks. The Contractor is responsible for making sure that the gutter system is sufficient and sustainable for long term use. The Requestor is responsible for the planning and purchasing of all supplies necessary to complete the gutter system including but not limited to the screws, bolts, gutters, down spouts and all brackets necessary to secure the gutters. The Requestor is responsible for verifying the exact dimensions needed to purchase the accurate supplies. A site visit may be available upon request prior to submission of bids.

Tasks

- Plan, purchase, construct, and install a fully functional gutter system the full length of the gable roof system on the two down slope sides of the gable roof. Install fully functional down spouts on all four corners of the roof system.

Required

- Knowledge in construction and liability insurance
- Familiar with installing gutter systems

Location

Orleans, CA. Tishániik Farm, downriver from Orleans and on Highway 96, ¼ mile downriver from the Camp Creek bridge on the left side of the highway.
